U.S. Army Materiel Command

The Army's Premier Provider of Materiel Readiness

May 11, 2007

RRAD, Armor Holdings roll-out first FMTV

Red River Army Depot, Texas, and Armor Holdings, Inc., recently rolled-out the first Family of Medium Tactical Vehicles produced at RRAD under their public-private partnership. The partnership will produce 300 vehicles. For more information about RRAD, visit www.redriver.army.mil.

JMC LSS project streamlines APE delivery, saves time, money

The Joint Munitions Command, Rock Island Arsenal, N.J., recently completed a Lean Six Sigma project that streamlined the delivery of Ammunition Peculiar Equipment. The nine-person LSS team reduced the process cycle time for material release orders by 30 percent and saved more than \$92,000. For the full story, visit www.amc.army.mil/amc/pa/jmcbullet'n.pdf.

Fort Monmouth, home to C-E LCMC, celebrates 90 years of excellence

This year marks the 90th anniversary for Fort Monmouth, N.J. The Army established Fort Monmouth, then Camp Little Silver, as a training camp for signal troops in June 1917. The installation received permanent status and the name Fort Monmouth in August 1925. Today, Fort Monmouth supports the Global War on Terrorism through sophisticated command and control systems. For more information about the celebrations, visit www.monmouth.army.mil/historian/index.php.

RRAD named AMC Value Engineering Installation Award winner

The U.S. Army Materiel Command named Red River Army Depot, Texas, the 2006 AMC Value Engineering Installation Award winner. Gen. Benjamin S. Griffin, AMC commanding general, presented the award. RRAD produced more than \$39 million in reportable VE savings for fiscal year 2006. For more information about RRAD, visit www.redriver.army.mil.

ASC LOGCAP director receives SES appointment

Lee Thompson, U.S. Army Sustainment Command Logistics Civil Augmentation Program executive director, was appointed to the Senior Executive Service during a recent ceremony at Heritage Hall on Rock Island Arsenal. For the full story, visit [www.aschq.army.mil/CommandNews/Documents/-News/a2007%20News%20Releases/\(05-07-07\)%20Lee%20Thompson%20Appointed%20to%20SES.pdf](http://www.aschq.army.mil/CommandNews/Documents/-News/a2007%20News%20Releases/(05-07-07)%20Lee%20Thompson%20Appointed%20to%20SES.pdf).

ARL employee wins IEEE award

John "Jack" Cole, Army Research Laboratory information technology specialist, Aberdeen Proving Grounds, Md., was selected the 2006 recipient of the Institute of Electrical and Electronics Engineers, Inc. Computer Society Hans Karlsson Award for producing storage system standards and forming the first information assurance standards committee. For more information about ARL, visit www.arl.army.mil.

Spotlight On ... Night Vision's Automated Vehicle Inspection System

The Night Vision Electronics and Sensors Directorate, Fort Belvoir, Va., has developed the Automated Vehicle Inspection System to enhance force protection and reduce costs. For the full story, view the April 18 edition of the AMC News Dispatch at www.amc.army.mil/amc/pa/dispatch/dispatch.html.
